1. **IMPORTANT RECALL INFORMATION:** Before a Certified Pre-Owned vehicle is listed or sold, GM requires dealers to complete all safety recalls. However, because even the best processes can break down, we encourage you to check the recall status of any vehicle at recalls.gm.com.

Vehicles are not eligible to be Certified Pre-Owned vehicles unless the dealer first performs any needed recall repairs. GM has instructed its dealers to check for recalls and perform any needed repairs before listing any vehicle as a Certified Pre-Owned vehicle. Because of timing issues, or because of dealer error, it is still possible that a vehicle listed on this website needs a recall repair. To check for yourself whether any vehicle on this website needs a recall repair which has not been performed, type in the Vehicle Identification Number at my.gm.com/recalls.
