

CERTIFICATION

CERTIFICATION

In order to meet the rigorous standards of Lexus certification, Lexus trained technicians at each Lexus dealership put every vehicle through an exhaustive series of examinations, helping to ensure reliability, quality and customer confidence. Only the best pre-owned Lexus vehicles qualify, and they're exclusively at your Lexus dealer.

L/CERTIFIED

Each L/Certified by Lexus vehicle undergoes a comprehensive inspection including: engine, exterior, interior, electronics, safety devices, undercarriage and a road test. During the inspection process, we focus on the details. Lexus trained technicians inspect every aspect of the pre-owned vehicle, right down to the first aid kit, spare tire and glovebox light.
